Equality and Revolution Rochelle Goldberg Ruthchild 2010
On July 20, 1917, Russia became the world's first major power to grant women the right to vote and hold public office. Yet in the wake of the October Revolution later that year, the foundational organizations and individuals who pioneered the suffragist cause were all but erased from Russian history. The women's movement, when mentioned at all, is portrayed as meaningless to proletariat and peasant women, based in elitist and bourgeoisie culture of the tsarist era, and counter to socialist ideology. In this groundbreaking book, Rochelle Goldberg Ruthchild reveals that Russian feminists in fact appealed to all classes and were an integral force for revolution and social change, particularly during the monumental uprisings of 1905-1917. Ruthchild offers a telling examination of the dynamics present in imperialist Russia that fostered a growing feminist movement. Based upon extensive archival research in six countries, she analyzes the backgrounds, motivations, methods, activism, and organizational networks of early Russian feminists, revealing the

foundations of a powerful feminist intelligentsia that came to challenge, and eventually bring down, the patriarchal tsarist regime. Ruthchild profiles the individual women (and a few men) who were vital to the feminist struggle, as well as the major conferences, publications, and organizations that promoted the cause. She documents political party debates on the acceptance of women's suffrage and rights, and follows each party's attempt to woo feminist constituencies despite their fear of women gaining too much political power. Ruthchild also compares and contrasts the Russian movement to those in Britain, China, Germany, France, and the United States. *Equality and Revolution* offers an original and revisionist study of the struggle for women's political rights in late imperial Russia, and presents a significant reinterpretation of a decisive period of Russian--and world--history.

Key Concepts in Adult Education and Training Malcolm Tight 2012-11-12 As adults, we are all continually involved in learning, with increasing numbers of us engaged in more formalized forms of learning; that is, in education or training. All those involved in the broad field of adult education and training will come into contact with many specialist ideas or concepts. It is often assumed of students that they already have a general understanding of these concepts, their meanings, applicability and inter-relationships. This is not always the case. This book examines in detail over forty of these key concepts, ranging from community education and experiential learning to competence and access. It presents a clear, analytical discussion in jargon-free language. It is, therefore, indispensable to all students and practitioners of adult education and training.

Prester John, the Mongols, and the Ten Lost Tribes Charles Fraser Beckingham 1996 This study makes an important contribution to the study of the Prester John legend and will be of interest to a wide range of scholars working in the field of medieval history and literature. The Idealism-Realism Debate Among Edmund Husserl's Early Followers and Critics Rodney K. B. Parker 2021-08-26 This volume aims to contextualize the development and reception of Husserl's transcendental-phenomenological idealism by placing him in dialogue with his most important interlocutors - his mentors, peers, and

students. Husserl's "turn" to idealism and the ensuing reaction to Ideas I resulted in a schism between the early members of the phenomenological movement. The division between the realist and the transcendental phenomenologists is often portrayed as a sharp one, with the realists naively and dogmatically rejecting all of Husserl's written work after the Logical Investigations. However, this understanding of the trajectory of the phenomenological movement ignores the extensive and intricate contours of the idealism-realism debate. In addition to helping us better interpret Husserl's attempts to defend his idealism, reconsidering the idealism-realism debate elucidates the relationship and differences between Husserl's phenomenology and the broader landscape of early 20th century German philosophy, particularly the Munich phenomenologists and the Neo-Kantians. The contributions to this volume reconsider many of the early interpretations and critiques of Husserl, inviting readers to assess the merits of the arguments put forward by his critics while also shedding new light on their so-called "misunderstandings" of his idealism. This text should be of interest to researchers working in the history of phenomenology and Husserlian studies.

Unbehauste Wanderer Natalja Baranskaja 2019-07-05 Die russische Schriftstellerin Natalja Baranskaja (1908-2004) vergegenwärtigt sich in ihrer »Lebensbeschreibung« die Geschehnisse ihrer Familie vom Ende des 19. Jahrhunderts bis zum Zweiten Weltkrieg. Ihre Eltern gehörten der illegalen revolutionären Untergrundbewegung an - ihre Mutter verkehrte mit dem jungen Lenin - und waren Mitglieder der sozialdemokratischen Arbeiterpartei seit deren Anfängen. Als politisch Verfolgte waren sie zu häufigen Ortswechseln gezwungen: Schauplätze ihrer frühen Kindheit sind Engelberg in der Schweiz, Berlin, München, Kopenhagen, später dann vor allem Moskau. Die politische Geschichte ist präsent, aber das Hauptinteresse der Autorin gilt den persönlichen Schicksalen der Verwandten, Freunde, Menschen, die ihr in verschiedenen Epochen ihres Lebens und in unterschiedlichen Milieus nahe standen. Sie schildert den "alltäglichen Kleinkram des schätzbaren, zerrütteten Lebens." Dieses Leben wird immer wieder bestimmt durch Verhaftungen und Verbannungen. Lebensentwürfe werden durchkreuzt, es gibt kein 'normales' Leben, alle sind "unbehauste Wanderer". Viele Schauplätze, viele Personen, viele Schicksale, mächtige Ereignisse begegnen uns, immer geprägt durch

die unverkennbare Stimme der Autorin, die sich über ihr Leben und ihr Land in schwieriger Zeit erinnernd klar werden möchte, nüchtern, mit feinem Humor, Schärfe des Blicks, mit grosser Menschlichkeit und Wärme. *Morality of the Past from the Present Perspective* Vasil Gluchman 2009-03-26 The monograph is divided into four parts. The work starts with Preface in which Vasil Gluchman presents socio-political, socio-cultural and ideological context of the first half of the twentieth century and the situation in Slovakia (and Central Europe) in this historical period, placing this monograph and the works of individual contributors into the context of the given era. The first part deals with philosophical and ethical issues arising from the examination of morality at the end of the 19th century and the beginning of the 20th century. This part creates the methodological starting point for the examinations presented in the next three parts of the monograph. The second part focuses on the development of philosophical and ethical reflection of morality in Slovakia in the given era. The third part examines socio-political and professional-ethical aspects of the development and functioning of morality in Slovakia in the first half of the 20th century. Reflections of morality in Slovakia in the Slovak literature of the first half of the 20th century are the object of interest in the fourth part of the monograph.

The Evolution, Principles and Practices of Distance

Education Börje Holmberg 2005 The evolution, principles and practices of distance education describes distance education as it is today and does so against the background of its history. Basic concerns are how the constituent elements of distance education, i.e. subject-matter presentation and interaction, have been brought about at different stages in this history and what their character has been and is. Thus online conferences and other possibilities opened by modern technology are given attention in the presentation of today's practice. So are theoretical approaches to the subject and the application of these to the practice of distance education. The discussion of student's independence in distance education is thus followed from Hermod and Lighty to Peters. The everyday concerns of distance educators are further carefully dealt with. This book summarises and updates the author's earlier writings at the same time as it pays attention to the evolutionary development of distance education. It is based on the literature available and empirical studies

made as well as on the author's practical experience. engl.

Translation and Conflict Mona Baker 2018-10-25 Translation and Conflict was the first book to demonstrate that translators and interpreters participate in circulating as well as resisting the narratives that create the intellectual and moral environment for violent conflict and social tensions. Drawing on narrative theory and with numerous examples from historical and current contexts of conflict, Mona Baker provides an original and coherent model of analysis that pays equal attention to the circulation of narratives in translation and to questions of dominance and resistance. With a new preface by Sue-Ann Harding, Translation and Conflict is more than ever the essential text for any student or researcher interested in the study of translation and social movements.

Modul 6: Raus aus dem Hamsterrad Martina Caspary 2012-12-20 "Schon am Anfang das Ende im Sinn haben" Dr. Stephen R. Covey Im zweiten Jahr meiner Selbstständigkeit lernte ich einen Unternehmer kennen,

der ganz anders war als alle anderen. Obwohl er in rund dreißig Jahren aus dem Nichts eine Firma mit immerhin über zweihundert Mitarbeitern aufgebaut hatte und es immer irgendwo kriselte oder brannte, ging es ihm gut. Er war weder in Hetze noch aufgereggt. Er lachte viel und nahm sich Zeit. Zeit zu leben. Zeit für seine Mitarbeiter. Zeit für seine Kunden, seine Lieferanten, seine Familie. Und immer strahlte er. Alles, was er machte, wirkte leicht. Und er erschien mir glücklich. Das erschien mir fast wie ein Wunder. Denn die meisten Unternehmer, die ich kannte, arbeiteten hart. Bis in die Nacht. Viele auch an den Wochenenden. Und dabei hatten sie meist viel kleinere Firmen. Und sobald sich die Gelegenheit ergab, fragte ich ihn: "Wieso sind Sie so glücklich in Ihrer Firma?" Er lehnte sich zurück und erzählte mir seine Geschichte: "Vor ein paar Jahren hatte ich es geschafft. Meine Firma verkauft, das Vermögen legal und steuerfrei in die Schweiz transferiert. Und mich dort mit vierundvierzig Jahren in den verdienten Ruhestand zurückgezogen. Doch das ging keine drei Jahre gut. Dann hielt ich es nicht mehr aus. Ich fuhr zurück und kaufte meinen eigenen Laden zurück. Seitdem mache ich, was ich liebe: Mein Unternehmen führen. Aber nicht mehr in Hetze und Angst. Sondern ganz entspannt. Diese Firma ist nicht mein Leben, sondern ein wichtiger Teil meines Lebens. Ich gestehe: Ich liebe es, zu arbeiten. Und ich habe alles, was ich brauche und mir wichtig ist, in dieses Umfeld integriert." Dieser Mann hatte seine persönliche Entscheidung getroffen. Er war nicht mehr hin und her gerissen zwischen Privat und Geschäft. Denn er hatte beide Extrema ausprobiert und seinen persönlichen Weg gefunden: Eine gute Verbindung beider Welten. Zeit für sich – auch im Geschäft. Zeit für Freundschaften – auch im Geschäft. Und Zeit für ein Kundengespräch – auch an einem Samstag oder gar Sonntag. Was mich beeindruckte, war nicht genau dieser Weg. Sondern die Erkenntnis für mich, nicht darauf hinzuarbeiten, dass ich irgendwann etwas davon habe. Sondern den Moment zu nehmen, ja ihn zu genießen. Auch in der Arbeit. Auch und gerade in der Selbstständigkeit.

Sich zu fragen: "Was genieße ich an meiner Firma, was an meiner Arbeit – und was möchte ich reduzieren?" Doch noch eine zweite Erkenntnis kam mir, als er über die Zahlen seines Firmenverkaufs sprach. Nämlich über den Wert, den man mit seiner Firma schafft. Einen Wert, der oft viel höher ist, als man glaubt. Manchmal bis zum 1,35-fachen des Jahresumsatzes, bis zum 7-fachen des Gewinns. Das ist ein wirksamer Hebel zur finanziellen und persönlichen Freiheit. Wer nicht immer in seiner Firma sitzen möchte, wer das Hamsterrad verlassen möchte, für den ist das eine interessante Alternative: Seine Firma zu optimieren, aufzupolieren und dann zu verkaufen. Doch auch wer seine Firma liebt und sie behalten möchte, sollte mal gedanklich diesen Weg gehen. Denn wer seine Firma aus der Sicht eines potenziellen Firmenkäufers sieht, erkennt viel schneller und deutlicher die Schwachstellen, die es zu optimieren gilt. Und er erkennt, wo Firma und Unternehmer zu eng miteinander verknüpft sind. Wie siamesische Zwillinge, bei denen die Trennung zum Tode führen könnte. Und das ist nicht gut – nicht nur für die Firma, sondern vor allem für den Unternehmer.

Seven Questions about Apprenticeships ORGANISATION FOR ECONOMIC CO-OPERATION AND DEVELOPMENT. 2018-10-15 After a period of relative neglect in many countries, apprenticeships and other forms of work-based learning are experiencing a revival. Their effectiveness in easing school-to-work transitions and serving the economy is increasingly recognised. However, engaging individuals, employers, social partners and education and training systems in such learning remains a significant challenge. In light of this, *Seven Questions about Apprenticeships* draws out policy messages on how to design and implement high-quality apprenticeships,

using material from the OECD project *Work-based Learning in Vocational Education and Training*. It presents answers to seven questions commonly asked by governments and practitioners seeking to either introduce or reform apprenticeship systems for young people and/or older workers. Can apprenticeships provide a useful contribution in every country? Should employers receive financial incentives for providing apprenticeships? What is the right wage for apprentices, and how long should an apprenticeship last? How can we ensure a good learning experience at work? How can apprenticeships be made to work for youth at risk? And how to attract potential apprentices? The study establishes principles of effective practice by building on new analytical work and examples of effective practice from around the world.
