Blood Royal Grant Allen 1892 Chiddingwick High Street is one of the quaintest and most picturesque bits of old town architecture to be found in England. Narrow at either end, it broadens suddenly near the middle, by a sweeping curve outward, just opposite the White Horse, where the weekly cattle-market is held, and where the timbered gable-ends cluster thickest round the ancient stone cross, now reduced as usual to a mere stump or

relic. In addition to its High Street, Chiddingwick also possesses a Mayor, a Corporation, a town pump, an Early English church, a Baptist chapel, and abundant opportunities for alcoholic refreshment. The White Horse itself may boast, indeed, of being one of the most famous old coaching inns still remaining in our midst, in spite of railways. And by its big courtyard door, one bright morning' in early spring, Mr. Edmund Plantagenet, ever bland and self-satisfied, stood sunning his portly person, and surveying the world of the little town as it unrolled itself in changeful panorama before him.

Stalin's Quest for Gold Elena Osokina 2021-09-15

Stalin's Quest for Gold tells the story of Torgsin, a chain of retail shops established in 1930 with the aim of raising the hard currency needed to finance the USSR's ambitious industrialization program. At a time of desperate scarcity, Torgsin had access to the country's best foodstuffs and goods. Initially, only foreigners were allowed to shop in Torgsin, but the acute demand for hard-currency revenues forced Stalin to open Torgsin to Soviet citizens who could exchange tsarist gold coins and objects made of precious metals and gemstones, as well as foreign monies, for foods and goods in its shops. Through her analysis of the large-scale, state-run entrepreneurship represented by Torgsin, Elena Osokina highlights the complexity and contradictions of

Stalinism. Driven by the state's hunger for gold and the people's starvation, Torgsin rejected Marxist postulates of the socialist political economy: the notorious class approach and the state hard-currency monopoly. In its pursuit for gold, Torgsin advertised in the capitalist West, encouraging foreigners to purchase goods for their relatives in the USSR; and its seaport shops and restaurants operated semilegally as brothels, inducing foreign sailors to spend hard currency for Soviet industrialization. Examining Torgsin from multiple perspectives—economic expediency, state and police surveillance, consumerism, even interior design and personnel—Stalin's Quest for Gold radically transforms the stereotypical view of the Soviet economy and enriches our understanding of everyday life in Stalin's Russia.

A Duel Richard Marsh 2020-05-22 Susan Lamb! That was his mother, the mother of the man she had married. So the truth was out at last. His mother kept a shop; he had been sponging on her for the money he had scattered broadcast. There was neither address nor date upon the letter, but the postmark on the envelope was Islington. Islington! His mother was a small shopkeeper in that haunt of the needy clerk! And she had believed him when he had posed before her as a "swell"—an aristocrat; when he had talked about his "coin" and his "gees". He had jockeyed her into supposing that money was a matter of complete indifference to him; that, as she boasted to her friends and rivals, "he rolled in it". So successfully had he hoodwinked her that she married him within a month of their first meeting—she, Belle Burney, the queen of song and dance! Had thrown up all

her engagements to do it, too; and she was beginning to get some engagements which were not to be despised.
