**Cook with Jamie** Jamie Oliver 2007-10-02 My guide to making you a better cook. I can't tell you how long I've dreamed about writing this book. It's the biggest book I've ever done, and I've really tried to make it a timeless, modern-day classic. Whether you're a student, a young couple, an established cook, or a novice, I'll take

There's information on the equipment that I think you should have in your kitchen, advice on how to recognize and cook loads of different cuts of meat, as well as on how to get the best value and quality when you're out shopping. With all of us consuming more processed food than ever, it's a sad fact that most people just aren't confident enough to cook anymore. With this in mind, now is the time for you to get stuck in and reclaim your fantastic cooking heritage! You know what . . . if you're going to eat three times a day for the rest of your life, you might as well learn to cook properly and enjoy it! So roll up your sleeves and let me help you. P.S.: By the way, you should feel good about buying this book because every single penny I make from it will go toward training and inspiring young kids from tough backgrounds all over the world to have a career in food through the Fifteen Foundation. So on behalf of them, thank you.

Arab Family Studies Suad Joseph 2018-07-10

Family remains the most powerful social idiom and one of the most powerful social structures throughout the Arab world. To engender love of nation among its citizens, national movements portray the nation as a family. To motivate loyalty, political leaders frame themselves as fathers, mothers, brothers, or sisters to their clients, parties, or the citizenry. To stimulate

production, economic actors evoke the sense of duty and mutual commitment of family obligation. To sanctify their edicts, clerics wrap religion in the moralities of family and family in the moralities of religion. Social and political movements, from the most secular to the most religious, pull on the tender strings of family love to recruit and bind their members to each other. To call someone family is to offer them almost the highest possible intimacy, loyalty, rights, reciprocities, and dignity. In recognizing the significance of the concept of family, this state-of-the-art literature review captures the major theories, methods, and case studies carried out on Arab families over the past century. The book offers a country-by-country critical assessment of the available scholarship on Arab families. Sixteen chapters focus on specific countries or groups of countries; seven chapters offer examinations of the literature on key topical issues. Joseph's volume provides an indispensable resource to researchers and students, and advances Arab family studies as a critical independent field of scholarship.

A Biographical Dictionary of Women's Movements and Feminisms Francisca de Haan 2006-01-10

This Biographical Dictionary describes the lives, works and aspirations of more than 150 women and men who were active in, or part of, women's movements and feminisms in Central, Eastern and South Eastern Europe. Thus, it challenges the widely held belief that there was no historical feminism in this part of Europe. These innovative and often moving biographical portraits not only

show that feminists existed here, but also that they were widespread and diverse, and included Romanian princesses, Serbian philosophers and peasants, Latvian and Slovakian novelists, Albanian teachers, Hungarian Christian social workers and activists of the Catholic women's movement, Austrian factory workers, Bulgarian feminist scientists and socialist feminists, Russian radicals, philanthropists, militant suffragists and Bolshevik activists, prominent writers and philosophers of the Ottoman era, as well as Turkish republican leftist political activists and nationalists, internationally recognized Greek feminist leaders, Estonian pharmacologists and science historians, Slovenian 'literary feminists,'

Czech avant-garde painters, Ukrainian feminist scholars, Polish and Czech Senate Members, and many more. Their stories together constitute a rich tapestry of feminist activity and redress a serious imbalance in the historiography of women's movements and feminisms.
