Stationen Prisca Augustyn 2014-01-01
STATIONEN: EIN KURSBUCH FÜR DIE MITTELSTUFE, Third Edition is an intermediate German program that combines engaging cultural topics with authentic readings and contextualized grammar in a unifying context. Each chapter of STATIONEN revolves around a city or region in the German-speaking world. This overarching concept brings the program together and invites students and instructors to make connections and comparisons between chapters, topics, and cultural issues. STATIONEN also refers to

the "stations" between the first beginnings of a journey into German life and language and to more advanced study and exploration on the intermediate level. In addition, the accompanying video component contains footage of videoblogs from eleven cities in Germany, Austria, and Switzerland that complements the textbooks content and serves as windows to contemporary German culture. These snapshots of everyday life connect interview clips with images of public spaces to move students beyond the realm of ordinary language instruction and into the scenarios and situations that reflect a developing German speaker's real-world needs. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A Grammar of Lezgian Martin

Haspelmath 1993-01-01 The series builds an extensive collection of high quality descriptions of languages around the world. Each volume offers a comprehensive grammatical description of a single language together with fully analyzed sample texts and, if appropriate, a word list and other relevant information which is available on the language in question. There are no restrictions as to language family or area, and although special attention is paid to hitherto undescribed languages, new and valuable treatments of better known languages are also included. No theoretical model is imposed on the authors; the only criterion is a high standard of scientific quality.

English as a Lingua Franca in Higher Education

Ute Smit 2010-05-26 With English-medium higher education burgeoning in Europe and elsewhere outside the English-speaking world, this book is the first to offer an ethnographically-embedded analysis of such classroom discourse by taking cognizance of English functioning as a lingua franca (ELF) in international student groups. By virtue of investigating one such educational programme in its entirety, the study also enlarges the present knowledge on ELF discourse as it offers novel insights into the interactional dynamics that shape and develop an educational community of practice.

Swedish: A Comprehensive Grammar

Philip Holmes 2013-05-02 Winner of the Swedish National Language Council's Erik Wellander Prize, 2003 Swedish: A Comprehensive Grammar is an award-winning complete reference guide to modern Swedish grammar. Systematic and accessible, the volume is organised to promote a thorough understanding of Swedish grammar, presenting the complexities of Swedish in a concise and readable form. Explanations are full, clear and free of jargon, and an extensive index, numbered paragraphs, cross-references and summary charts provide readers with easy access to the information they require. Now in its third edition, the text has been comprehensively updated to conform to new standards set in the description of language and to reflect the recommendations of the Language Council of Sweden. It offers an improved layout, completely revised index and more user-friendly paragraph structure. Continuing the tradition of previous editions, the emphasis remains fixed on Swedish in everyday communication, drawing on

modern corpus material, the internet and the media to provide high frequency words and expressions. Examples have been modernised throughout and new content takes account of recent trends resulting from the increasing democratisation of written Swedish. Features include: detailed treatment of grammatical structures and parts of speech a wealth of examples from present-day Swedish particular attention to areas of confusion and difficulty for learners Swedish/English contrasts highlighted throughout the book chapters on word formation, orthography and punctuation. Swedish: A Comprehensive Grammar is the most thorough and detailed Swedish grammar available in English and is an essential reference source for the learner and user of Swedish, irrespective of level. It is ideal for use in schools, colleges, universities and adult classes of all types.

New Challenges in Typology

Patience Epps 2009 This volume continues the tradition of presenting the latest findings by typologists and field linguists, relevant to general linguistic theory and research methodology. Cross-linguistic studies based on large samples and in-depth studies of previously undescribed languages highlight new refinements and revisions to our current understanding of established categories and classifications.

Polish For Dummies

Daria Gabryanczyk 2012-05-07 The ultimate quick and easy guide to learning Polish Polish can be a difficult language to master. It is pronounced phonetically and has several unique characters in its alphabet, but with Polish For Dummies in hand, you'll find yourself speaking like a local in no time. Packed with practical lessons, handy cultural facts, and essential references (including a Polish-English mini-dictionary and lists of common verbs), this guide is specially designed to get you speaking Polish with confidence. With advice on speaking Polish within the construction, teaching, and public sector industries, this book is a truly practical tool for anyone wanting to speak the language either professionally or socially. Includes sections

dedicated to Polish in action, Polish on the go, and Polish in the workplace A companion audio CD contains Polish conversations spoken by native Polish speakers in a variety of everyday contexts, perfect for learning Polish on the go A Polish-English dictionary is included to provide quick access to the most common words With easy-to-follow instruction and exercises that give you the language to communicate during day-to-day experiences, readers of Polish For Dummies will learn the words and verbal constructions they need to communicate with friends and colleagues at home, find directions on holiday, and more. Note - CD-ROM/DVD and other supplementary materials are not included as part of the e-book file, but are available for download after purchase.

Intercultural Teaching and Learning Mikel Del Garant 1997

[The Exorcist Tradition in Islam](#) Abu Ameenah Bilaal Philips 2007

[Text, Speech and Dialogue](#) Petr Sojka 2012-08-08 This book constitutes the refereed proceedings of the 15th International Conference on Text, Speech and Dialogue, TSD 2012, held in Brno, Czech Republic, in September 2012. The 82 papers presented together with 2 invited talks were carefully reviewed and selected from 173 submissions. The papers are organized in topical sections on corpora and language resources, speech recognition, tagging, classification and parsing of text and speech, speech and spoken language generation, semantic processing of text and speech, integrating applications of text and speech processing, machine translation, automatic dialogue systems, multimodal techniques and modeling.

Degree Gradation of Verbs Jens Fleischhauer-Helfer 2016-05-20 Gradation is usually considered to be a property of adjectives. Examples like 'The boy loves his mother very much' and 'The boy has grown a lot' reveal that gradation is not limited to adjectives but verbs are gradable too. Verb gradation has received considerably less

attention in the literature than gradation of adjectives. The aim of the current volume is to explore the notion of verb gradation in more detail. The book presents a semantic as well as a syntactic analysis of verb gradation and combines three case studies with a general perspective on the phenomenon. Issues addressed in the volume cover, among others, the notion of scalarity in the verbal domain, the interaction of verb gradation with grammatical as well as lexical aspect and verb gradation as a subcompositional phenomenon. These topics are investigated from a cross-linguistic perspective. The languages of investigation include, among others, German, Russian and French.

Language and Power in the Creation of the USSR, 1917-1953 Michael G. Smith

1998-01-01 CONTRIBUTIONS TO THE SOCIOLOGY OF LANGUAGE brings to students, researchers and practitioners in all of the social and language-related sciences carefully selected book-length publications dealing with sociolinguistic theory, methods, findings and applications. It approaches the study of language in society in its broadest sense, as a truly international and interdisciplinary field in which various approaches, theoretical and empirical, supplement and complement each other. The series invites the attention of linguists, language teachers of all interests, sociologists, political scientists, anthropologists, historians etc. to the development of the sociology of language.

Why Is an Apple a Pomme? Denis Dunstone 2014-10-03 Now, for the first time you can find out about that foreign word which has puzzled you. No one has written a book like this before. It is not a dictionary. Nor is it an etymological treatise. It is light-hearted company for the traveller, regular or occasional, whose curiosity has been aroused by the variety and diversity of the Western European languages. In a short quick style it offers some explanations. The words chosen are those, which the traveller is most likely to come across, in the train, at the airport, on the road and in hotels and restaurants. It is

the perfect conversation opener on your travels. Why DO the French call an apple a pomme? "Amusing, erudite, intriguing and useful... The ideal travel companion for exploring Europe." —Loyd Grossman
Colloquial Turkish (eBook And MP3 Pack)
Ad Backus 2014-10-14 Colloquial Turkish is the ideal introduction to the language! Written by experienced teachers of the language, Colloquial Turkish offers a step-by-step approach to Turkish as it is spoken and written today. No previous knowledge of the language is required. What makes this course your best choice for language learning? * Ideal for independent study and class use * Varied, dialogue-based exercises with thorough answer key * Up-to-date vocabulary, including computer terms * Jargon-free grammar notes * Extensive Turkish-English, English-Turkish glossaries
By the end of this lively and accessible course, you will be able to communicate confidently and effectively in Turkish in a broad range of everyday situations. Two 60-minute cassettes are available to accompany Colloquial Turkish. Recorded by native speakers, they will help your pronunciation, listening and speaking skills. For the eBook and MP3 pack, please find instructions on how to access the supplementary content for this title in the Prelims section.

A Complete Grammar of Esperanto (illustrated) IVY KELLERMAN Illustrated with 10 images. This book will be a descriptive grammar of the Esperanto language invented by L. L. Zamenhof, which will be complete and comprehensive in regards to a) the grammar of Esperanto as first outlined by Zamenhof in Fundamento de Esperanto and other foundational documents, and b) Esperanto as it is spoken today by the most committed Esperantists. (Proposed reforms to the Esperanto language will be discussed if they have serious support from a significant fraction of Esperanto enthusiasts). This book was started practically on a dare from the August 2006 issue of Bob's Poetry Magazine, in which Robert Happelberg boasted that he could print a complete and

comprehensive grammar of Esperanto in just one 6 by 7 inch page. While this is obviously wrong, it's not too far off the mark. When completed, this book will require several standard size (8.5 by 11 in the USA) pages, but will still be much shorter than a complete grammar of a natural language like English or Slovene. In view of this goal, the number of examples provided for each concept will be kept to a bare minimum. Those wishing to build their Esperanto vocabularies are also referred to the Esperanto textbooks. It is acceptable in the beginning to word the text in an accessible manner like in a textbook, but the goal should be for all the text to be technical with a full command of linguistic jargon.

Anglo-Soviet Journal 1962

Don Juan George Gordon Byron Baron Byron 1819

The Meaning of Particle/prefix

Constructions in German Robert B.

Dewell 2011 This is really two books in one: a valuable reference resource, and a groundbreaking case study that represents a new approach to constructional semantics. It presents a detailed descriptive survey, using extensive examples collected from the Internet, of German verb constructions in which the expressions durch ('through'), über ('over'), unter ('under'), and um ('around') occur either as inseparable verb prefixes or as separable verb particles. Based on that evidence, the author argues that the prefixed verb constructions and particle verb constructions themselves have meaning, and that this meaning involves subjective construal processes rather than objective information. The constructions prompt us to distribute focal attention according to patterns that can be articulated in terms of Talmy's notion of [perspectival modes]. Among the other topics that play an important role in the analysis are incremental themes, reflexive trajectories, fictive motion, [multi-directional paths], and [accusative landmarks].

Sovremennyj kurs nemeckogo jazyka

Ingeborg Lasting 1998 ULTIMATE

GERMAN BASIC - INTERMEDIATE A Complete Lesson Book and Reference Guide Lively, up-to-date, authentic dialogues Clear explanations--of grammar Cultural highlights plus Grammar summary Verb conjugations Glossary Developed by the experts at Living Language, this book offers a highly effective combination of conversational German with grammar and culture. It covers the equivalent of two years of college-level study. 40 lessons, each with a lively, authentic German dialogue that includes the most common and useful expressions for everyday conversation. English translations and explanations of German grammar and usage, pronunciation, vocabulary, and cultural notes. Quizzes and review sections to check your progress. A complete summary of German grammar, and verb charts covering all major tenses. A section on letter writing for business or social occasions. An extensive two-way glossary. While this book stands on its own as a complete course and an invaluable reference, you'll find that using it with the recorded lessons is even more effective. Along with the recordings, Living Language® Ultimate German cassette packages include this manual.

English-Esperanto-English Dictionary John Christopher Wells 2010 A comprehensive and yet concise two-way dictionary designed for beginners and more advanced students of Esperanto alike, and also incorporating a summary of Esperanto grammar. -- An essential resource for users of Esperanto: Find what you are looking for: Concise yet comprehensive, with coverage of all the words you need, including many technical terms -- Both directions: Contains both Esperanto-English and English-Esperanto sections, with a total of over 30,000 entries -- Keep up-to-date: Completely revised and rewritten, with a thorough coverage of contemporary English and Esperanto -- Check how to write it and say it: With a grammatical introduction presenting a clear and authoritative analysis! ---- Ampleksa sed konciza Esperanta-angla kaj angla-Esperanta

vortaro por komencantaj kaj progresintaj studentoj de Esperanto, kun enkonduka prezento de la gramatiko de Esperanto. -- Nemalhavebla richfonto por uzantoj de Esperanto: Trovu tion, kion vi serchas: Konciza sed inkluziva, enhavanta chiujn vortojn kiujn oni bezonas, inkluzive de multaj fakvortoj -- Ambau'direkta: El Esperanto en la anglan kaj el la angla en Esperanton, kun entute pli ol 30000 kapvortoj -- Ghisdatighu! Komplete reviziita kaj reverkita, plene spegulanta la hodiau'ajn anglan lingvon kaj Esperanton -- Kontrolu, kiel esprimi la signifon: Kun gramatika enkonduko klara kaj au'toritata! **I Like English** 1963

Speech and Language Disorders in Children National Academies of Sciences, Engineering, and Medicine 2016-05-06 Speech and language are central to the human experience; they are the vital means by which people convey and receive knowledge, thoughts, feelings, and other internal experiences. Acquisition of communication skills begins early in childhood and is foundational to the ability to gain access to culturally transmitted knowledge, organize and share thoughts and feelings, and participate in social interactions and relationships. Thus, speech disorders and language disorders--disruptions in communication development--can have wide-ranging and adverse impacts on the ability to communicate and also to acquire new knowledge and fully participate in society. Severe disruptions in speech or language acquisition have both direct and indirect consequences for child and adolescent development, not only in communication, but also in associated abilities such as reading and academic achievement that depend on speech and language skills. The Supplemental Security Income (SSI) program for children provides financial assistance to children from low-income, resource-limited families who are determined to have conditions that meet the disability standard required under law. Between 2000 and 2010, there was an unprecedented rise in the number of applications and the number of children

found to meet the disability criteria. The factors that contribute to these changes are a primary focus of this report. Speech and Language Disorders in Children provides an overview of the current status of the diagnosis and treatment of speech and language disorders and levels of impairment in the U.S. population under age 18. This study identifies past and current trends in the prevalence and persistence of speech disorders and language disorders for the general U.S. population under age 18 and compares those trends to trends in the SSI childhood disability population.

Step by Step in Esperanto Montagu C. Butler 1979

The Resilience of Language Susan Goldin-Meadow 2005-04-05 Imagine a child who has never seen or heard any language at all. Would such a child be able to invent a language on her own? Despite what one might guess, the children described in this book make it clear that the answer to this question is 'yes'. The children are congenitally deaf and cannot learn the spoken language that surrounds them. In addition, they have not yet been exposed to sign language, either by their hearing parents or their oral schools. Nevertheless, the children use their hands to communicate - they gesture - and those gestures take on many of the forms and functions of language. The properties of language that we find in the deaf children's gestures are just those properties that do not need to be handed down from generation to generation, but can be reinvented by a child de novo - the resilient properties of language. This book suggests that all children, deaf or hearing, come to language-learning ready to develop precisely these language properties. In this way, studies of gesture creation in deaf children can show us the way that children themselves have a large hand in shaping how language is learned.

Using German Synonyms Martin Durrell 2000-05-29 This book, designed for students who have already developed a basic competence in German, aims to

broaden and improve their vocabulary by providing detailed information on groups of German words with related meanings. It is invaluable as a guide to finding the right word for the context. In order to enhance understanding of the structure of the German vocabulary, groups of synonyms are organised under German (rather than English) headwords. All entries are accompanied by an example of usage and English glosses and there are two indexes allowing users quickly to locate words in German or English. The book takes full account of register variation, indicating the degree of formal or informal use, and reflects regional usage especially in Austria and Switzerland. It is an essential reference for intermediate and advanced students as well as teachers and other professional linguists seeking access to the finer nuances of the German language.

Student Activities Manual for Motyl-Mudretzkyy/Späinghaus' Anders gedacht: Text and Context in the German-Speaking World, 3rd Irene Motyl-Mudretzkyy 2013-01-04 The SAM for Anders gedacht Übungsbuch provides various activities, correlated with the text. It gives explanations of grammatical concepts covered in the book, in English, as well as listening-comprehension practice and further work with corresponding audio. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Using the Web as an Implicit Training Set Preslav Ivanov Nakov 2007

Conversational Latin for Oral Proficiency John C. Traupman 2007 "Presents ancient and neo-Latin language phrases and conversations on a variety of topics. Includes pronunciation guide, bibliography, and English to Latin vocabulary. Expanded and enlarged from the 3rd edition (2003)"--Provided by publisher.

Diversity and Decolonization in German Studies Regine Criser 2020-02-13 This book presents an approach to transform German Studies by augmenting its core values with

a social justice mission rooted in Cultural Studies. German Studies is approaching a pivotal moment. On the one hand, the discipline is shrinking as programs face budget cuts. This enrollment decline is immediately tied to the effects following a debilitating scrutiny the discipline has received as a result of its perceived worth in light of local, regional, and national pressures to articulate the value of the humanities in the language of student professionalization. On the other hand, German Studies struggles to articulate how the study of cultural, social, and political developments in the German-speaking world can serve increasingly heterogeneous student learners. This book addresses this tension through questions of access to German Studies as they relate to student outreach and program advocacy alongside pedagogical models.

Svensk bok-katalog 1981

I Like English 1967

Modern German Grammar Ruth Whittle 2013-03-01 Modern German Grammar: A Practical Guide, Third Edition is an innovative reference guide to German, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. Part A covers grammatical categories such as word order, nouns, verbs and adjectives. Part B is organised according to language functions and notions such as: making introductions asking for something to be done delivering a speech possibility satisfaction. The book addresses learners' practical needs and presents grammar in both a traditional and a communicative setting. New to this edition, and building on feedback from the previous edition: The rules of the latest (and so far final) spelling reform have been implemented throughout. Examples of usage have been updated and consideration given to Swiss and Austrian variants. The chapter on register has been expanded and now includes youth language and frequently used Anglicisms in German. The Index now has even more key words; it has also been redesigned to differentiate between German words, grammar terms,

and functions, thus making it more user-friendly. The Grammar assumes no previous grammatical training and is intended for all those who have a basic knowledge of German, from intermediate learners in schools and adult education to undergraduates taking German as a major or minor part of their studies. The Grammar is accompanied by a third edition of Modern German Grammar Workbook (ISBN 978-0-415-56725-1) which features exercises and activities directly linked to the Grammar. Ruth Whittle is Lecturer, John Klapper is Professor of Foreign Language Pedagogy, Katharina Glöckel is the Austrian Lektorin and Bill Dodd is Professor of Modern German Studies - all at the University of Birmingham. Christine Eckhard-Black is Tutor and Advisor in German at the Oxford University Language Centre.

little scratch Rebecca Watson 2021-01-12
Shortlisted for the Desmond Elliott Prize 2021 **An Observer 10 Best Debut Novelists of 2021** 'An extremely perceptive depiction of power and agency.' Guardian 'Startlingly original.' VOGUE 'Extraordinary.' New Yorker little scratch tells the story of a day in the life of an unnamed woman, living in a lower-case world of demarcated fridge shelves and office politics; clock-watching and WhatsApp notifications. In a voice that is fiercely wry, touchingly delicate and increasingly neurotic, the protagonist relays what it takes to get through the quotidian detail of that single trajectory - from morning to night - while processing recent sexual violence. Featuring innovative use of typesetting, little scratch is about the coexistence of monotony with our waking, intelligent lives. It is a powerful evocation of how the external and internal aspects of our lives exist in a helix, and what it means to live out the course of a single day consumed by trauma. 'little scratch is a story that is urgent. It is a story that needs to be told.' Meena Kandasamy 'Reads like the cinders settling in the air after an explosion... daring and completely readable.' Colin Barrett 'little scratch is a

little miracle... impossible to read it and not wish there were more books like it.' Alan

Trotter 'Confident and vital... little scratch is an absolute gift.' Naoise Dolan
