Growing Up Mindful shows parents and professionals alike how to model and teach the skills of mindfulness that will empower our youth for the rest of their lives with greater self-awareness, resiliency, and confidence. While many adults now understand how mindfulness practice helps us alleviate the stress and anxiety of our busy modern lives, getting a typical teenager on board is another story. Dr. Christopher Willard draws on his work with hundreds of young children, tweens, and

teens—along with countless hours training parents, teachers, and other counselors—to make the principles and practices of mindfulness accessible, entertaining, and cool for people of all ages and interests. You know what . . . if you're going to eat three times a day for the rest of your life, you might as well learn to cook properly and enjoy it! So roll up your sleeves and let me help you. Women, the Bureaucracy and Daily Life in Postwar Moscow, 1945-1953 Greta Bucher 2006

This monograph examines the Soviet state's attempt to rebuild and repopulate following World War II by offering to support families while encouraging women to enter the full-time work force. However, combined with the realities of postwar life and broken promises, this program

was lacking and forced women to adopt their own survival strategies. The conflict between economic reality and the state's demands dictated the shape of women's lives as they attempted to balance both domestic concerns and professional advancement. This study scrutinizes a society that loudly proclaimed sexual equality and support for women workers, but these goals were never feasible because of the failure of the state to provide the structures necessary for equality.

Boundaries Henry Cloud 2008-09-09 Having clear boundaries is essential to a healthy, balanced lifestyle. A boundary is a personal property line

that marks those things for which we are responsible. In other words, boundaries define who we are and who we are not. Boundaries impact all areas of our lives: Physical boundaries help us determine who may touch us and under what circumstances -- Mental boundaries give us the freedom to have our own thoughts and opinions -- Emotional boundaries help us to deal with our own emotions and disengage from the harmful, manipulative emotions of others -- Spiritual boundaries help us to distinguish God's will from our own and give us renewed awe for our Creator -- Often, Christians focus so much on

being loving and unselfish that they forget their own limits and limitations. When confronted with their lack of boundaries, they ask: - Can I set limits and still be a loving person? - What are legitimate boundaries? - What if someone is upset or hurt by my boundaries? - How do I answer someone who wants my time, love, energy, or money? - Aren't boundaries selfish? - Why do I feel guilty or afraid when I consider setting boundaries? Dr. Henry Cloud and Dr. John Townsend offer biblically-based answers to these and other tough questions, showing us how to set healthy boundaries with our parents,

spouses, children, friends, co-workers, and even ourselves.
