The Black Cliffs Gunnar Gunnarsson 1967 "This novel, written in 1928, based on a true crime which took place in 1802 in Iceland, deals with two couples who lived on an isolated farm. One of the husbands disappears, and when the wife of the other dies, the survivors are arrested and tried for murder. It is an oddly powerful book, since Gunnarsson infuses the stark circumstances of the crime with the sense of harsh existence there and man's trials before God as well as other men. The narrator is a young and inexperienced curate, who is forced to confront the rumors and then the actuality of the two murders. The story is deepened as seen through the curate's fear and compassion, and the untenable situation at the farm is revealed only slowly through the slight testimony of the trial witnesses. And spiritual overtones strengthen the story, so that one remembers not only the uncertainties of those involved but the way in which their actions and emotions create almost elemental conflicts."--Kirkus

Overcoming School Refusal Joanne Garfi 2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. Overcoming School Refusal helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

Deep Zone Tim Green 2011-08-23 In the deep zone, even the very best player can find it impossible to beat a foe who's hungry and waiting. . . . Troy White can predict a play before it happens. Star quarterback on his state football team, Troy's a natural for the 7-on-7 tournament that's being held at the Super Bowl in Miami. With any luck, his "football genius" will also be working for the Atlanta Falcons on that big day. Ty Lewis is a wide receiver with exceptional speed. His brother, an NFL star, says getting on a 7-on-7 team will prove Ty's a winner. From the moment the two football champs cross paths, Troy and Ty begin to size each other up. Troy is suspicious of Ty's interest in his friend Tate, while Ty worries his speed will never be a match for Troy's game smarts. But when the two rivals find themselves somehow tangled in the same dangerous web of deceit, they discover that they have more in common than their skill at football. Uniting Troy, first seen in the New York Times bestselling Football Genius, and Ty, who was chased by the Mafia in Football Hero, Tim Green's Deep Zone delivers it all--vivid settings, dynamic characters, and high-stakes action on and off the field.

Hokusai Timothy Clark 2017-05-04 An acknowledged master during his lifetime, Hokusai created sublime works during the last thirty years of his life, right up to his death at the age of ninety. Exhibitions since the 1980s have presented his long career as a chronological sequence. This publication, which will coincide with an exhibition at the British Museum, takes a fresh approach based on innovative scholarship: thematic groupings of late works are related to the major spiritual and artistic quests of Hokusai's life. Hokusai's personal beliefs are contemplated here through analyses of major brush paintings, drawings, woodblock prints, and illustrated books. The publication gives due attention to the contribution of Hokusai's daughter Eijo (Oi), also an accomplished artist. Hokusai continually explored the mutability and minutiae of natural phenomena in his art. His late subjects and styles were based on a mastery of eclectic Japanese, Chinese, and European techniques and an encyclopedic knowledge of nature, myth, and history. Hokusai: Beyond the Great Wave draws on the finest collections of his work in Japan and around the world, making this the most important publication for years on Hokusai and a uniquely valuable overview of the artist's late career.

From the Fair Sholom Aleichem 2019-08-16 Sholom Aleichem (1859-1916) began writing his autobiography when he was 49 and was still working on it when he died at age 57. He considered *From the Fair* his greatest achievement, a book that combined the story of his life and a cultural and spiritual history of his times. Sholom Aleichem called it “my book of books, the Song of Songs of my soul.” In 1908, a Russian newspaper in Kiev asked for an autobiographical sketch, and Sholom Aleichem decided to use a third-person narrative voice for what became a memoir. From the Fair was published in short installments, serialized for newspaper readers. It takes us from the author's childhood in a Pale of Settlement shtetl to his first love and his early attempts at writing fiction and drama. “I, Sholom Aleichem the writer, will tell the true story of Sholom Aleichem the man,” he writes, “informally and without adornments and embellishments, as if an absolute stranger were talking, yet one who accompanied him everywhere, even to the seven divisions of hell.” The result is essential background for Sholom Aleichem's works of fiction. Curt Leviant is a prizewinning novelist, author of *The Yemenite Girl* and *Passion in the Desert*. His short stories and novellas have been published in many magazines and have been included in *Best American Short Stories*, *Prize Stories* and other anthologies. He has won the Wallant Prize, an O. Henry Award, and is a Fellow in Literature of the National Endowment for the Arts. A frequent lecturer on Yiddish and Hebrew literature, he has also translated three other Sholom Aleichem collections.

Odessa Patricia Herlihy 1991 By the late 19th century Odessa was the most polyglot and cosmopolitan city in the empire. In the first decades of the 20th century, however, strikes, revolutionary agitation, and pogroms brought on the city's decline. Herlihy contrasts Odessa's rapid development in the 19th century with the growing tension in its society up to the First World War.

The Unknown Gulag Lynne Viola 2007 One of Stalin's most heinous acts was the ruthless repression of millions of peasants in the early 1930s, an act that established the very foundations of the gulag. Now, with the opening of Soviet archives, an entirely new dimension of Stalin's brutality has been uncovered.

David Starkey's Music and Monarchy David Starkey 2013-07-04 For the kings and queens of England, a trumpet fanfare or crash of cymbals could be as vital a weapon as a cannon. Showcasing a monarch's power, prestige and taste, music has been the lifeblood of many a royal dynasty. From sacred choral works to soaring symphonies, *Music and Monarchy* looks at how England's character was shaped by its music. To David Starkey and Katie Greening, works like Handel's *Water Music* and Tallis's *Mass for Four Voices* were more than entertainment – they were pieces signalling political intent, wealth and ambition. Starkey and Greening examine England's most iconic musical works to demonstrate how political power has been a part of musical composition for centuries. Many of our current musical motifs of nationhood, whether it's the Last Night of the Proms or football terraces erupting in song, have their origins in the way the crown has shaped the national soundtrack. Published to coincide with a major BBC series, *Music and Monarchy* is not a book about music. It is a history of England written in music, from our leading royal historian.

Dacha Life Anton Chekhov 2013-04-11 For well over a century, Russian city dwellers have been attracted to dacha life for the autonomy, solitude and peace it has to offer. So it is no accident that so many works of Russian literature take place in dachas - this is where people feel freer, where they open up more quickly. Issue Number 11 is themed "Dacha Life." Featured authors include Anton Chekhov, Vladimir Mayakovsky, Gavrila Derzhavin, Leonid Andreyev, Alexei Bayer, Irina Borisova, Marina Tarkovskaya, Alexander Blok, Absurdopedia and Fyodor Dostoyevsky.

Bully Nation Charles Derber 2017-12-17 Bullying does not just affect children; adults do it and suffer from it too. It goes beyond the schoolyard into the corporation, the military, the police, the government, the family, and the media. In a society where wealth and power are unequally distributed bullying is institutional.
